

Curriculum Vitae

1. NAME: James A. Estes

2. EDUCATION:

B.A., University of Minnesota, 1967. Major—Zoology, Minor—Chemistry
M.S., Washington State University, 1970. Major—Zoology
Ph.D., University of Arizona, 1974. Major—Biology, Minor—
Statistics

CURRENT MEMBERSHIPS IN PROFESSIONAL SOCIETIES

American Association for the Advancement of Science
Ecological Society of America
Society for Conservation Biology
Society for Marine Mammalogy

TECHNICAL PRESENTATIONS

1973. "Sea otters: their influence on the structure of nearshore communities".
Annual Meeting of The Wildlife Society, Flagstaff, Arizona, PRESENTED

1977. "Alternate states of stability in a sea otter dominated community". The Biennial
Meeting of the Marine Mammal Society, San Diego, California, PRESENTED

1977. "Research on the sea otter in Alaska". First working meeting of the Otter
Specialist Group, IUCN, Paramaribo, Suriname, INVITED

1978. "Time budgets and activities of sea otter populations: interaction between
population status and community structure" International Theriological Congress, Brno,
Czechoslovakia. PRESENTED

1979. "The role of sea otters in coastal community structure". Biennial Meeting of La
Sociedad Mexicana para el Estudio de los Mamiferos Marinos, La Paz, Baja California
Sur, PRESENTED

1979. "Activity and foraging behavior in sea otters: interaction between population and
community". Biennial Meeting of The Marine Mammal Society, Seattle, Washington,
PRESENTED

1980. "Food selection and some foraging tactics of sea otters". International Furbearer
Conference, Frostburg, Maryland, PRESENTED

1980. Workshop to examine the need for and alternatives to the culling of wild animals, Yarmouth Port, Mass., "The case of the sea otter". INVITED

1981. "Las Nutrias del mar, las pesquerias y la organizacion del medio ambiente marino al sur de Punta Concepcion, California". Sociedad Mexicana para el Estudio de los Mamiferos Marinos, La Paz, Baja California Sur, PRESENTED (in Spanish)

1981. "Marine mammal extirpations by aboriginal hunters in the North Pacific region". Biennial Meeting of The Marine Mammal Society, San Francisco, California, PRESENTED

1983. "Sea otters and invertebrate fishery resources: existing and potential conflicts from Canada to Mexico". Workshop on conflicts between marine mammals and fisheries, La Jolla, California. INVITED

1984. "Disturbance vs. competition: the influence of Pacific winter storms on intertidal community organization at San Nicolas Island, California". Annual Meeting of Ecological Society of America, Ft. Collins, Colorado, PRESENTED

1985. "Activity and social behavior of the Pacific walrus at Round Island, Alaska". American Cetacean Society, Monterey Bay Chapter, Monterey. INVITED

1986. "Los estudios de la nutria del mar y su medio ambiente coastal a San Nicolas Island, California". Biennial Meeting of La Sociedad Mexicana para el Estudio de los Mamiferos Marinos, Guaymas, Sonora, PRESENTED

1987. "Multicausal disturbances and the non-equilibrium structure of a rocky intertidal community at San Nicolas Island, California". California Islands Symposium, Santa Barbara, California, PRESENTED

1988. "Research and management of sea otters in the eastern North Pacific Ocean". International Asian Otter Symposium, Bangalore, India. INVITED

1988. "Ecology of extinctions in kelp forest communities". Annual meeting of the Society for Conservation Biology, Davis, California. INVITED

1989. "Sampling and resource assessment in rocky intertidal communities". Annual Meeting of the Southern California Academy of Sciences, Thousand Oaks, California. INVITED

1989. "Population status of the sea otter". Fifth International Otter Colloquium, Hankensbüttel, Germany. INVITED

1989. "Homing behavior of sea otters relocated to San Nicolas Island". International

Theriological Congress, Rome, Italy, INVITED

1989. "Behavior, ecology and life history of New World otters". Fifth International Otter Colloquium, Hankensbüttel, Germany. INVITED

1990. "Optimal foraging by the sea otter: populations vs. individuals". Society for the study of Marine Mammalogy, Pacific Grove, California, PRESENTED

1990. "Sample space, sample size, and the use of inferential statistics in ecological field studies". Western Society of Naturalists, Monterey, California, PRESENTED

1991. "Paradigms for managing carnivores: the case of the sea otter". Zoological Society of London, Symposium, London. INVITED

1992. "The role of plant secondary compounds in marine plant-herbivore interactions: an interhemispheric comparison". Temperate Reef Symposium, Auckland, New Zealand, PRESENTED

1992. "Ecology, economics and history: the Pacific maritime fur trade". Public lecture series for distinguished alumni, University of Arizona. INVITED

1992. "Experimental biogeography: interhemispheric variation in marine plant-herbivore interactions". Annual Meeting of the Ecological Society of America, Honolulu, Hawaii, PRESENTED

1993. "The evolutionary consequences of sea otters in kelp forest communities." Joint U.S./Russian sea otter workshop, Wasilla, Alaska, PRESENTED

1993. "Environmental contaminants in sea otters." Joint U.S./Russian sea otter workshop, Wasilla, Alaska. PRESENTED

1993. "Top-level carnivores and ecosystem effects: questions and approaches". Cary Conference on *Linking Species and Ecosystems*, Institute of Ecosystem Studies, Milbrook, New York. INVITED

1993. "The conservation of marine otters". Biennial meeting of the Marine Mammal Society, Galveston, Texas. INVITED

1993. "An interhemispheric comparison of plant/herbivore interactions." Temperate Reef Symposium, Auckland, New Zealand, PRESENTED

1994. "Reproduction and mortality of sea otters in Alaska." Western Society of Naturalists, Monterey, California, PRESENTED

1994. "Role of predation in diel behavior of red sea urchins." Annual Meeting of the Western Society of Naturalists, Monterey, California, PRESENTED

1994. "Translocation of sea otters to San Nicolas Island - a retrospection." Fourth California Islands symposium, Santa Barbara, California, PRESENTED

1994. "Influences of large, mobile predators in aquatic communities: examples from sea otters and kelp forests". Royal Society of Scotland, Symposium on predator/prey interactions in aquatic ecosystems, Aberdeen, Scotland. INVITED

1994. "Marine mammals: an overview of research needs in central California." Workshop on the Monterey Bay Research Initiative, University of California, Santa Cruz, INVITED

1994. "The search for keystone species". Workshop on keystone species, UNEP Global Biodiversity Assessment, Hilo, Hawaii, INVITED

1995. "Sea otters as a keystone species". Plenary lecture, Annual meeting of the Wildlife Society, Portland, Oregon. INVITED

1995. "Careers in conservation." Western Regional Meeting of AAAS/Society for Conservation Biology, INVITED

1996. "The NBS research program on sea otters". California Biodiversity initiative, Monterey Bay National Marine Sanctuary, INVITED

1996. "Comparative demography of sea otter populations". Workshop on the sea otter, Endangered Species Update, Monterey Bay Aquarium, PRESENTED

1997. "Sea otters as umbrella species in the conservation of kelp forest ecosystems". Symposium on species and ecosystem approaches to management. Annual Meeting of the Society for Conservation Biology, Victoria, British Columbia INVITED

1997. "Catastrophic declines in sea otter populations in the Aleutian archipelago". Monterey Bay Biodiversity Symposium, Santa Cruz, CA. INVITED

1997. "Do sea otters make a good umbrella species for the conservation of kelp forest ecosystems?" International Theriological Congress, Acapulco, Mexico. INVITED

1997. "Why rehabilitate oiled wildlife?" 5th International symposium on wildlife and oil spills. Monterey, California, 3-5 November 1997. INVITED

1998. "Why predators matter". Keynote Lecture. Grass roots meeting of the Wildlands Project, Estes Park. Colorado. INVITED

1998. "Sea otters and kelp forests". Public lecture series of the US Geological Survey, Menlo Park. INVITED
1999. "Are sea otter populations in the Aleutian Islands food limited?" Biennial meeting of the Marine Mammal Society, PRESENTED
1999. "Predators and ecosystems". Sigma Xi Lecture, University of California, Santa Cruz. INVITED
2000. "Predation in the sea". Inaugural Lecture of the Seymour Marine Discovery Center, University of California, Santa Cruz. INVITED
2000. "The evolution of large body size in abalones". Temperate Reef Symposium, Cape Town, South Africa. PRESENTED
2000. "Apex predators and trophic cascades in some marine and terrestrial ecosystems". Society for Conservation Biology Annual Meeting, Missoula, Montana. INVITED
2000. "Apex predators, ecosystem connectivity, and the optimal size of marine reserves". Plenary Lecture, American Fisheries Society, Fairbanks. INVITED
2000. "Status of sea otters in the Aleutian Islands". US/Russia joint sea otter meeting, Monterey. INVITED
2001. "Tales of past abundance: an Alaskan story". Colloquium on Marine Conservation, Monterey Bay Aquarium. INVITED
2001. "Predators and 'the balance of nature'". Schweppe Public Lecture Series in marine sciences, University of Texas, Port Aransas, Texas INVITED
2001. "Predators and the balance of nature". Distinguished Marine Scientist Colloquium, Hatfield Marine Sciences Center, NOAA and Oregon State University INVITED
2001. "Predators and the balance of nature". Peter Leveque Natural History Lecture, Santa Rosa Junior College INVITED
2001. "Chain reactions in kelp forests: long ago and far away". American Association for the Advancement of Science, Annual Meeting. INVITED
2002. "Mortality patterns and population dynamics of the threatened California sea otter". *Carnivores 2002*, Conference sponsored by Defenders of Wildlife, Monterey, California. PRESENTED
2002. "Complex interactions in kelp forest ecosystems". Plenary Lecture, *Carnivores*

2002, Conference sponsored by Defenders of Wildlife, Monterey, California. INVITED

2002. "Process advocacy colors scientific objectivity". 2002 Annual Pew Fellows meeting, Plenary Lecture. Bonaire, Dutch West Indies. INVITED

2002. "Complex trophic relationships in kelp forests". 4th William R. and Lenore Mote International Symposium in Fishery Ecology, Sarasota, Florida. *Confronting tradeoffs in the ecosystem approach to fisheries management*. INVITED

2002. "Some historical dimensions to kelp forest ecosystem dynamics". Western Society of Naturalists, Annual Meeting. Symposium on historical ecology. INVITED

2003. "Defaunated food webs: large vertebrates and nature's balance". 17th Annual Ricketts Memorial Lecture. Presented by the Research Community of Monterey Bay for exemplary work in the field of marine sciences. INVITED

2003. "Defaunated food webs: large vertebrates and nature's balance". Plenary lecture. Oregon State University, Department of Fisheries and Wildlife, Annual Graduate Student Colloquium, November 12, 2003. INVITED

2003. "Carnivory and connectivity in 'pristine' island food webs". Keynote lecture, 6th California Islands Symposium, Ventura, California. INVITED

2003. "Sequential megafaunal collapse in the North Pacific Ocean: an ongoing legacy of commercial whaling?". Plenary lecture, 15th Biennial Conference on the Biology of Marine Mammals, Greensboro, North Carolina. INVITED

2004. "Large vertebrates and nature's balance". 40th Annual Paul L. Errington Memorial Lecture, Iowa State University. INVITED

2004. From killer whales to kelp forests: industrial whaling and the reorganization of ocean ecosystems Capstone Lecture, Annual Meeting, American Society of Mammalogists. Arcata, California. INVITED

2004. Large predators and ecosystem resilience: examples and hypotheses from 3 case studies. Symposium on the resilience of marine ecosystems honoring the 100th anniversary of Friday Harbor Laboratories, University of Washington. INVITED

2004. Sea otters: science, policy and the future. Keynote lecture for sea otter awareness week. Sponsored by Defenders of Wildlife, Monterey, CA INVITED

2005. From killer whales to kelp forests: connectivity in marine food webs. Spring Colloquium in Biology, University of North Carolina, Greensboro, INVITED

2005. Population status of sea otters. Keynote lecture for sea otter awareness week. Sponsored by Defenders of Wildlife, Monterey, CA INVITED

2005. From killer whales to kelp forests; chain reactions in ocean ecosystems. Distinguished Scientist Lecture, Marine Biological Laboratory, Woods Hole, MASS

2005. The influences of large vertebrates in marine and terrestrial ecosystems. American Association for the Advancement of Science, Annual Meeting. INVITED

2005. Life history and behavioral correlates of population status in marine mammals. Biennial Conference, Society for Marine Mammalogy. PRESENTED

2006. Repatriating functionality in global ecosystems. Plenary Lecture, Annual Meeting, Society for Conservation Biology. INVITED

2006. Sea otters as predators and prey: the causes and consequences of trophic cascades. Annual Meeting, The Wildlife Society. INVITED

COMMITTEES AND SERVICES

Standing Committee on Marine Mammals, American Society of Mammalogists, 1978-1982, co-chairman, 1979-1982.

Steering/Planning Committee, Marine Mammal Subgroup, US/USSR Program for Conservation of the Environment, 1976-1979.

Workshop on mammals in the sea, Bergen, Norway, "Unit ecosystems working group report", 1976. (Chaired session and authored report).

Otter Specialist Group, Species Survival Commission, International Union for the Conservation of Nature, 1977-present, Deputy Chairman, 1981.

Workshop on social science perspectives on managing conflicts between marine mammals and fisheries, Arroyo Grande, California. Biological problems panel member, 1981.

Third International Otter Colloquium, Santa Cruz, California, Served on colloquium organizational committee, organized and chaired session on sea otters, 1985.

Symposium on the community ecology of sea otters, Western Society of Naturalists, Monterey, California, "Sea otters, sea urchins, and kelp beds: some questions of scale", 1985. Co-organizer of symposium with G.R. VanBlaricom.

Pacific Rim development committee. Served with 5 other faculty at University of California, Santa Cruz on committee to develop a proposal for research, educational exchange, and other activities having to do with Pacific rim countries. Program was initiated by the President of the University of California, in anticipation of a shifting world economy from industrial Europe to the Pacific rim, 1985-1986.

International Asian Otter Symposium. Organized preparation of manuscripts and served as editor for the published proceedings, 1988.

Member Recovery Team, Southern Sea Otter, 1989-present

Workshop on Linking Species and Ecosystems, Institute of Ecosystem Studies, Millbrook, New York. Provided invited poster contribution and written manuscript for the workshop proceedings, 1993.

Joint U.S./Russian sea otter workshop, Wasilla, Alaska. Chaired session and contributed two oral presentations, 1993.

Board of Editors, Ecological Society of America, 1993-95

Research Needs Workshop, Monterey Bay Research Initiative, Santa Cruz, California. Provided background lecture on research needs for marine mammals, 1994.

Strategic Planning Workshop for National Biological Service, Washington, D.C. Drafted materials for section of Strategic Plan on Rewarding Scientific Performance, 1995.

Science Workshop for the Wildlands Project. Tucson, Arizona. November 1997. Invited participant. Contributed ideas and written narrative to chapters of a book that will be published, edited by M. Soule and J. Terborg, 1997.

Board of Editors, Zoological Society of London, *Animal Conservation*, 1997-2001

Vision Workshop for research on ocean ecology. Hosted by National Science Foundation. Invited participant and white paper author, 1998.

Member PEW Fellow, Marine Conservation, 1999-present

Science Advisory Committee, National Center for Ecological Analysis and Synthesis, National Science Foundation, 1999-2002

Board of Editors, *Marine Ecology Progress Series*, 2000-present

Committee member, NRC, National Academy of Sciences, *Relationships between fisheries and Steller sea lions*, 2001-2002.

Board of Editors, *Frontiers in Ecology and the Environment*, 2003-present

Editor-in-Chief, *Marine Mammal Science*, 2005-

Member Recovery Team, Southwest Alaska Sea Otter, 2005-present

Invited Seminars:

- 1971. Institute of Arctic Biology, University of Alaska
- 1975. Department of Biology, The Pennsylvania State University
- 1976. Moss Landing Marine Laboratories
- 1978. Department of Biology, University of California, Santa Cruz
- 1979. Department of Zoology, Oregon State University;
Ecology and Evolutionary Biology, University of California, Santa Cruz
- 1980. Department of Biology, Sacramento State University;
Ecology and Evolutionary Biology, University of California, Santa Cruz
- 1981. Moss Landing Marine Laboratories;
Denver Wildlife Research Center
- 1982. National Marine Mammal Laboratory, Seattle;
Museum of Vertebrate Zoology, University of California, Berkeley
- 1982. Ecology and Evolutionary Biology, University of California, Santa Cruz
- 1983. Department of Zoology, University of Washington;
Department of Biology, University of Victoria;
Division of Natural Sciences, University of Victoria;
Moss Landing Marine Laboratories
- 1984. Ecology and Evolutionary Biology, University of California, Santa Cruz;
Hopkins Marine Station, Stanford University;
Scripps Institution of Oceanography
- 1985. Department of Fisheries and Wildlife, Oregon State University;
Moss Landing Marine Laboratories

1986. Department of Paleontology, University of California, Berkeley
1987. Moss Landing Marine Laboratories,
1988. Department of Biology, San Diego State University;
Institute of Marine Sciences, University of North Carolina;
Duke University Marine Laboratory;
Institute of Marine Sciences, State University of New York at Stony Brook;
Department of Ecology and Behavioral Biology, University of Minnesota,
1990. Department of Zoology, University of Auckland;
Leigh Marine Laboratory, University of Auckland (2 seminars);
Department of Renewable Natural Resources, University of Arizona;
Distinguished alumnus lecture, University of Arizona;
Department of Biology, Stanislaus State University;
Bodega Marine Laboratory, University of California;
Department of Biological Sciences, University of California at Santa Barbara;
Santa Cruz Natural History Society
1991. National Ecology Research Center;
Alaska Fisheries and Wildlife Research Center;
University-wide seminar, University of California at Davis;
Department of Ecology and Evolutionary Biology, University of California at
Davis
1992. Leigh Marine Laboratory, University of Auckland;
Institute of Ecosystem Studies, Millbrook, New York (2 seminars);
Ecology and Evolutionary biology, University of California at Santa Cruz;
National Ecology Research Center
1993. Leigh Marine Laboratory, University of Auckland;
National Ecology Research Center;
Department of Integrative Biology, University of California, Berkeley
1994. Department of Biology, University of Nevada, Reno;
Department of Biology, University of Nevada, Reno;
1995. Scripps Institution of Oceanography, Santa Diego, California;
University of California, Santa Cruz;
Department of Biology, University of Durham, UK
1996. Department of Biology, Boise State University;
Department of Biology, Boise State University;
Department of Wildlife Biology, University of Montana

1997. Bodega Marine Laboratory, University of California, Davis;
Department of Biology, UCLA;
Departments of Fisheries and Wildlife/ Zoology, Oregon State University
1997. Invited public lecture, Pacific Grove Natural History Museum
1998. Department of Biology, University of California, Santa Cruz;
Department of Biology, University of California, Santa Barbara
1999. Universidad Católica, Santiago, Chile;
Valpariso University, Valpariso, Chile;
Georgia Tech University;
Moss Landing Marine Laboratories
2000. Darling Marine Center, University of Maine;
Department of Biology, University of Pennsylvania;
Department of Ecology and Evolutionary Biology, University of Minnesota
2001. Department of Biology, University of Denver;
Scripps Institution of Oceanography, University of California, San Diego;
Marine Sciences Center, University of Texas, Port Aransas;
Humboldt State University, Arcata;
NOAA Fishery Science Center, Seattle;
NCEAS Eco-lunch, Santa Barbara
2002. School of Law, Stanford University;
Biology Department, California State University Stanislaus;
Duke University Marine Laboratory, Beaufort, North Carolina (3 seminars);
Institute of Marine Sciences, University of Alaska, Fairbanks (2 seminars);
Department of Ecology and Evolutionary Biology, University of California at Santa Cruz
2003. Department of Biology, University of Alaska, Juneau
University of California, Bodega Marine Laboratory
Department of Fisheries and Wildlife, Oregon State University
2004. Department of Biology, San Diego State University
Department of Fisheries and Wildlife, Iowa State University
2005. Department of Biology, Georgia Institute of Technology
Department of Ecology and Evolution, Cornell University

Department of Fisheries and Wildlife, Cornell University
Marine Biology Laboratory, Woods Hole Oceanographic Institution

- 2006. Department of Natural Resources, University of California Berkeley
Department of Biology, University of Wyoming
- 2007 Department of Biology, Chapman College
Department of Fisheries and Wildlife, Oregon State University
The American Museum of Natural History, New York City
The Wildlife Conservation Society, Bronx Zoo

Courses Taught

- 1984. Quantitative aspects of ecology and population biology. Upper division/graduate level lecture course, University of California, Santa Cruz
- 1985. Stability in ecological systems. Graduate level seminar course, University of California, Santa Cruz
- 1987. Quantitative aspects of ecology and population biology. see above
- 1987. Plant/Herbivore Interactions: marine-terrestrial comparisons. Graduate Seminar Course, University of California, Santa Cruz.
- 1989. Probability, sampling, and experimental design. Upper division/graduate level lecture course, University of California, Santa Cruz
- 1989. Community Ecology (Diamond and Case, eds). Graduate Seminar Course, University of California, Santa Cruz
- 1991. Probability, sampling, and experimental design. see above
- 1993. Probability, sampling, and experimental design. see above
- 1995. Probability, sampling, and experimental design. see above
- 1997. Experiments in Ecology (A.J. Underwood). Graduate Seminar Course, University of California, Santa Cruz
- 1998. Method in Ecology (Shrader-Frechette and McCoy). Graduate Seminar Course, University of California, Santa Cruz
- 2000. Design of protected areas on land and in the sea. Graduate Seminar Course,

University of California, Santa Cruz

2001. Probability, sampling, and experimental design. see above

Graduate Students Advised

- James P. Thompson, M.S., 1982. Thesis title, "Benthic illumination within a Macrocystis bed at Pt. Soquel, Santa Cruz, California, and its influence upon Macrocystis population structure and the abundance of benthic red algae". Institute of Marine Sciences, University of California, Santa Cruz.
- Cynthia Zabel, Ph.D., 1986. Dissertation title, "Reproductive behavior of the red fox (*Vulpes vulpes*): a longitudinal study of an island population". Department of Biology, University of California, Santa Cruz.
- Spencer James Taggart, Ph.D., 1987. Dissertation title, "Grouping behavior of Pacific walrus (*Odobenus rosmarus divergens* Illiger), an evolutionary perspective". Department of Biology, University of California, Santa Cruz.
- Claire Michaels, M.S., 1988. Thesis title, "Foraging and habitat use by the herbivorous shore crab, *Pachygrapsus crassipes*, at San Nicolas Island, California". Institute of Marine Sciences, University of California, Santa Cruz.
- Carolyn B. Heath, Ph.D. 1989. Dissertation title, "The behavioral ecology of the California sea lion (*Zalophus californianus*)". Department of Biology, University of California, Santa Cruz.
- Kathy J. Lyons, Ph.D. 1991. Thesis title, "Foraging behavior of California sea otters: the importance of individual variation". Institute of Marine Sciences, University of California, Santa Cruz.
- Frank Winter, M.S. 1991. Thesis title, "Polyphenolics from the kelp *Dictyoneurum californicum* deter grazing by the red abalone, *Haliotis rufescens*". Institute of Marine Sciences, University of California, Santa Cruz.
- Jane Watson, Ph.D. 1993. Dissertation title, "Predation and the ecology of kelp forest communities in British Columbia". Department of Biology, University of California, Santa Cruz.
- Diane Carney, M.S. 1991. Thesis title, "Behavior, ecology, and reproduction of red sea urchins in Sitka Sound, Alaska". Institute of Marine Sciences, University of California, Santa Cruz.
- Breck Tyler, M.S. 1991. Thesis title, "Behavioral ecology of tropicbirds in the northwest Hawaiian Islands". Institute of Marine Sciences, University of California, Santa Cruz.
- Laura McShane, M.S. 1991. Thesis title, "A spectrographic analysis of vocalization in the sea otter". Institute of Marine Sciences, University of California, Santa Cruz.
- Maria Sanchez, M.S. 1992. Thesis title, "Geographical variation in sea otters based on mitochondrial DNA". Institute of Marine Sciences, University of California, Santa Cruz.

- Corinne Bacon, M.S. 1994. Thesis title, "An ecotoxicological comparison of organic contaminants in sea otters (*Enhydra lutris*) among populations in California and Alaska". Institute of Marine Sciences, University of California, Santa Cruz.
- Daniel H. Monson, M.S. 1995. Thesis title, "Reproductive strategies in sea otters at Amchitka Island, Alaska. Institute of Marine Sciences, University of California, Santa Cruz
- Greg Golet, Ph.D. 1999. Dissertation title, "The cost of reproduction in Black Legged Kittiwakes. Institute of Marine Sciences, University of California, Santa Cruz.
- Brenda Konar, Ph.D.1998. Dissertation title, "Patterns and mechanisms of succession in subarctic kelp forest communities of the northwest Pacific Ocean". Biology Department, University of California, Santa Cruz.
- Steven Lee, M.S. 1995. Thesis title, "Diel activity patterns in sea urchins: an analysis of causality based on biogeographic, taxonomic, and ecological evidence". Institute of Marine Sciences, University of California, Santa Cruz.
- Kenneth Vicknair, M.S. 1996. Thesis title, "Sea otters and asteroids in the western Aleutian archipelago". Institute of Marine Sciences, University of California, Santa Cruz.
- Michelle Paddack, M.S. 1997. Thesis title, "The importance of refuges to coastal rockfish populations in the Monterey Bay National Marine Sanctuary". Institute of Marine Sciences, University of California, Santa Cruz, CA.
- Claire Mathews, M.S. 1996. Thesis title, "Time-energy analyses of sea otter foraging in Monterey Bay, California". Institute of Marine Sciences, University of California, Santa Cruz.
- Stacey Lindeman, M.S. 1998. Thesis title, "Evidence for the source of high concentrations of organic contaminants in the Aleutian archipelago based on a spatial analysis of organochlorine levels in blue mussels". Institute of Marine Sciences, University of California, Santa Cruz.
- Mathew Edwards, Ph.D. 2001. Dissertation title. "Patterns and mechanism of change in giant kelp forests resulting from the 1997-98 ENSO event". Department of Ecology and Evolutionary Biology, University of California, Santa Cruz
- Shauna Risewietz, M.S. 2002. Thesis title. Shifts in kelp forest fishes and their associated food webs following collapse of sea otter populations in western Alaska. Institute of Marine Sciences, University of California, Santa Cruz
- Eric Danner, Ph.D. Dissertation title, "Remote imaging analyses and landscape patterns in island plant communities". Department of Ecology and Evolutionary Biology, University of California, Santa Cruz
- M. Timothy Tinker. Ph.D. Dissertation title. "Behavior and spatial dynamics of the California sea otter population". Department of Ecology and Evolutionary Biology, University of California, Santa Cruz
- Alisha Kage, M.S. 2004, Thesis title, Movement patterns of sea otters. Department of Ecology and Evolutionary Biology, University of California, Santa Cruz.
- Gena Bentall, M.S. 2005. Thesis title, Morphological and behavioral correlates of population status in the southern sea otter, *Enhydra lutris nereis*: a comparative study

- between central California and San Nicolas Island
- Hoyt Peckham, Ph.D candidate. Dissertation topic. Behavior, ecology and conservation of loggerhead turtles on the west coast of Baja California, Mexico. Department of Ecology and Evolutionary Biology, University of California, Santa Cruz
 - Michelle Staedler, M.S. student
 - Lilian Carswell, M.S. student
 - Erin Dodd, M.S. student

Graduate Committees Served On

- Robert M. Mayer, M.S. 1980. College of Fisheries, University of Washington, Seattle.
- David B. Irons, M.S. 1982. Department of Fisheries and Wildlife, Oregon State University, Corvallis.
- Robert K. Cowen, Ph.D. 1985. Scripps Institution of Oceanography, University of California, San Diego.
- Steven Swartz, Ph.D. 1985. Department of Biology, University of California, Santa Cruz.
- Joanne Reiter, Ph.D. 1986. Department of Biology, University of California, Santa Cruz.
- Keith Miles, Ph.D. 1987. Department of Fisheries and Wildlife, Oregon State University, Corvallis.
- Susan Shane, Ph.D. 1987. Department of Biology, University of California, Santa Cruz.
- Claudio Campagna, Ph.D. 1987. Department of Biology, University of California, Santa Cruz.
- Luciana Honigman, M.S. 1988. Institute of Marine Sciences, University of California, Santa Cruz.
- David Auriolles-Gamboa, Ph.D. 1988. Department of Biology, University of California, Santa Cruz.
- Martin Ramierz, Ph.D. 1990. Department of Biology, University of California, Santa Cruz.
- Naomi Rose, Ph.D. 1994. Department of Biology, University of California, Santa Cruz.
- M. Scott Mills, Ph.D. 1996. Department of Biology, University of California, Santa Cruz
- Josh Donlan, M.S. 2000. Department of Biology, University of California, Santa Cruz
- Shawn Noren, Ph.D. 2002. Department of Biology, University of California, Santa Cruz
- Samantha Forde, 2002. Department of Biology, University of California, Santa Cruz
- Michael Goebel, Ph.D. 2002. Department of Ecology and Evolutionary Biology, University of California, Santa Cruz

- Jennifer Brown, Ph.D 2004. Department of Ecology and Evolutionary Biology, University of California, Santa Cruz
- Dianna Steller, Ph.D. 2004. Department of Ecology and Evolutionary Biology, University of California, Santa Cruz
- Lisa DiGirolamo. Ph.D., 2005. Department of Ecology and Evolutionary Biology, University of California, Santa Cruz
- Laura Yates, Ph.D., 2006. Department of Ecology and Evolutionary Biology, University of California, Santa Cruz
- Shannon Fowler, Ph.D., 2005. Department of Ecology and Evolutionary Biology, University of California, Santa Cruz
- Carolyn Kurle, Ph.D., Department of Ecology and Evolutionary Biology, University of California, Santa Cruz
- Carey Kunz, Ph.D., 2006. Department of Ecology and Evolutionary Biology, University of California, Santa Cruz

MEMBERSHIPS IN HONOR SOCIETIES:

Sigma Xi - Scientific Research Society (elected member in recognition of research in biological sciences - 1969)

Phi Kappa Phi - National Honorary Society for Scholastic Achievement (elected member for scholastic performance - 1969)

Fellow, California Academy of Sciences (elected 1999)

RESEARCH GRANTS AND FELLOWSHIPS:

- | | |
|------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 1964-1965. | National Defense and Education Association, Graduate Research Fellowship, Washington State University |
| 1967. | National Science Foundation, Summer Traineeship, Washington State University |
| 1970-1972. | (with N.S. Smith) Energy Research and Development Administration, Research on sea otters at Amchitka Island, Alaska (\$55,000) |
| 1984-1985. | (with G.R. VanBlaricom) National Geographic Society, Interactions between sea otters and intertidal mussel populations in Prince William Sound, Alaska (\$6700) |
| 1985. | (with M. Riedman) The Banbury Foundation, Behavior and population biology of sea otters near Monterey Bay, California (\$33,000) |

- 1985-1987. (with D.O. Duggins and C.A. Simenstad) National Science Foundation, Sea otters, alternative communities, and the role of kelp-derived carbon in nearshore food webs (\$149,904)
1986. (with M. Riedman) The Banbury Foundation, Behavior and population biology of sea otters near Monterey Bay, California (\$40,000)
- 1986-1987. (with D.O. Duggins and C.A. Simenstad) National Science Foundation, The impact of sea otters on nearshore food webs and the role of kelp-derived carbon in coastal ecosystems: secondary production supplement (\$79,512)
